## BALLINGER WILL HEAR RUSSIAN STORY TAFT REMOVES ALASKA OFFICIALS

### Thetis Returns From Secret Cruise

Revenue Boat Back In Harbor After Over Week's Search

The United States revenue cutter Thetis returned from another cruise to outlying bird island reservations this morning. The quest for porpoises of the Japanese persuasion was declared unsuccessful.

The Thetis left the port about a week ago on a secret mission. The little vessel was liberally supplied with coal and provisions. While it is not generally admitted, the Thetis has been leaving the port of late just about the time that an Oriental steamer is due to make its appearance off the Hawaiian group. The Thetis sailed from Honolulu not many days preceding the arrival of the Pacific Mail steamer Asia.

The officers on board the Thetis have kept a weather eye out for the innocent but mighty powerful fishing sampan which in numbers frequent the adjacent waters to the islands. These vessels are declared by those who profess to know, as ever ready to pick up a prepared package that might be accidentally dropped from an incoming liner.

The big shipment of plunder including several hundreds of thousand dollars worth of feathers and bird wings still reposes in the Custom warehouse awaiting disposition by the Federal authorities.

The Thetis is now moored in the stream awaiting further orders.

### Taft Puts Officials Out

WASHINGTON, D. C., Apr. 27.—President Taft has ordered the removal from office of United States Marshal Sutherland and District Attorney Boyce of Alaska. This action grows out of the bitter contest that has been waged in connection with the Ballinger affairs and the effort to secure the enactment of a law giving Alaska some definite system of government.

### ALFANIANS SLAUGHTERED

SALONIKA, Apr. 27.—Five hundred Albanians are reported to have been killed in a bombardment of Gouzzatz. The victims are said to be principally women and children.

### DAVID DAYTON PASSES ON

Was Prominent Lodge Promoter And Citizen

David Dayton, who has been seriously ill at his home on Liliha street for a number of days, died a little after 11 last night, surrounded by every member of his family. From the nature of his illness, the end was not unexpected. He was 78 years of age.

For many years Mr. Dayton had been one of the best-known men in the islands, being prominent in lodge affairs and at one time was marshal of the city. On August 29, 1871, he instituted Oahu Lodge, K. of P., the first lodge of that order in the islands. He was also a member of Excelsior Lodge, I. O. O. F.

Mr. Dayton was a Past Master of Oceanic Lodge, F. & A. M., and was what is known as a Masonic leader, being closely identified with every division of the Masonic ladder, holding the chair of authority in many divisions of the Order, and devoting a large part of his life to spreading the cement of brotherly love throughout the islands. Brother Dayton was a man who believed in the practice of Masonry outside the lodge as well as inside, and many a helping hand has been extended through his agency.

He leaves a widow, two daughters and a son.

The funeral will take place at 3:30 o'clock this afternoon from the Masonic Temple, under the auspices of Oceanic Lodge.

The following have been selected as pallbearers: Wm. McInerney, John Neill, Dr. Herbert, Ed Towse, L. L. La Pierre, E. C. Rowe, J. H. Schnack and George Davis.

### MAHAULU AGAIN

WAILUA MAGISTRATE

Chief Justice Hartwell today reappointed A. S. Mahaulu as magistrate of Wailua.

### COURTS ADJOURN

This afternoon all the courts which hold afternoon sessions, including the United States district court have adjourned out of respect to the memory to the late David Dayton.

The courts will convene again tomorrow morning.

The Rockefeller Foundation gives promise of being durable. It is built on the "rocks."—Kansas City Star.

### Hot Debate Stirs Ire Of Senator

WASHINGTON, D. C., Apr. 27.—Heated debate bringing into conflict the stalwarts and the insurgents of the upper house took place today in the Senate Chamber.

Senator Rayner of Maryland offered the suggestion that the Insurgent Republicans should join the Democracy. This ally was promptly taken up by Senator Dolliver of Iowa, who in vigorous terms resented the imputation of a lack of loyalty to Republican principles.

### AVIATORS IN BIG RACE

(Special Bulletin Cable)  
LONDON, Apr. 27.—Aviators Paulhan, Graham and White entered into a race with aeroplanes from London to Manchester. The prize offered is \$50,000. Each contestant is allowed to make two stops on the journey. Paulhan made the first stop, covering 110 miles in 3 hours and 8 minutes.

### H. C. & S. JOINS IN THE SLUMP

Stock Market Fairly Active With Prices Still At Bedrock

Stocks held the pace of the downward trend today, the greatest surprise of the day being the sale on the board this forenoon of fifty shares of Hawaiian Commercial at 42.25. This stock has hitherto been held strong at 42.50. The falling off is not due to any change in the condition of the plantation. It is just a state of the market.

Olaa recovered from the 5.25 figure of yesterday, selling on the board at 6 and 5.875, closing at 6 bid and 6.25 asked. Recent figures from this plantation are very favorable, and the big unloading of yesterday is quite a surprise.

McBryde strengthened in sympathy, and also on account of the statement of conditions made by J. P. Cooke, but no sales took place as the result of a bid of 5.875.

Oahu still lingers about 36, and Ewa is fairly strong at 34.75. Honolulu sold at 20.25. Mutual Telephone stock again sold at 12.50.

### STOWAWAY CAUGHT ON WILHELMINA

Was Much Surprised When Nipped By The Police

There was a very surprised man this morning down on the waterfront just before the Wilhelmina pulled out for Frisco. A stowaway named F. Mulick, who had been watched closely by the waterfront police, was grabbed by Officer Minneville a few minutes before the vessel started.

### Roosevelt Might Be Senator

WASHINGTON, D. C., Apr. 27.—Since the confirmation of the report that Senator Dewey will not seek reelection to the Senate, Col. Roosevelt is being very generally brought forward as the probable successor of the Senator from New York.

### ROOSEVELT SEES GARRISON

PARIS, Apr. 27.—Col. Roosevelt was present today at the maneuvers of the garrison this forenoon.

### WILL SEND WARSHIP.

CHRISTIANIA, Apr. 27.—A Norwegian warship will bring the remains of Bjornson from Copenhagen.

### PAVING OF FORT STREET CONTRACT

Injunction Against City Up To Supreme Court

Today the case of E. J. Lord vs. the City and County of Honolulu, J. A. Gilman and James Bicknell was placed on the calendar of the Supreme Court.

This case is that of an injunction asked by Mr. Lord against the defendants to prevent them doing certain improvement work on Fort street, between Queen and Beretania, without first calling for bids and letting the contract to the lowest bidder.

J. A. Gilman, representing the Warren Brothers Paving Company, was to do the work for \$16,000, and the plaintiff in the suit declares that a contract for work to cost over \$500 must be let by contract to the lowest bidder.

### NOT SMALLPOX BUT SUSPICIOUS

There is smallpox at several of the Oriental ports including Hongkong, and Kobe, Japan.

This fact has been painfully borne out of late by the arrival of several steamers operated in the Pacific Mail service which have arrived at Honolulu with patients suffering from the scourge.

Two Filipinos who left Manila by one of the Hongkong-Manila liners and transhipped to the Asia at the China coast port are now detained at the Honolulu quarantine station with a suspicious case of illness.

Dr. Ramus stated this morning that while he was satisfied that at the present time the malady had not developed into smallpox, nevertheless the men were ill with a disease that warranted the department taking every precaution.

The Federal authorities have been receiving reports from Japan that give the regular ports of call a clean bill of health.

Yesterday afternoon the Punahou baseball nine met and defeated the St. Louis College team in a practice game prior to the school series starting up. The score was 9 to 7, and some brilliant plays were brought off. Tomorrow afternoon the High School will tackle the Punahou, and a close game is anticipated. The game will start at 3:30 o'clock and will be played at the Alexander Field.

### Ballinger Asks About Russians

Federal Government Wants Information On Trouble With Immigrants

It became known today that the Secretary of the Interior, Richard A. Ballinger, the famous cabinet officer of President Taft, has been in communication with officials of the Territory—presumably Governor Frear and Secretary Mott-Smith—respecting the policy that is being pursued by the Territory in dealing with the complications arising out of the failure to convince the Russian immigrants to accept the offers of work that have been made to them by the plantations.

It is stated that when the first sign of difficulty appeared on the immigration horizon, Governor Frear drew up a letter to Ballinger fully explaining the difficulties that seemed to confront the Territorial officials at that time. The failure of the efforts of compromise and the continued work of the government to prevail upon the Russians to accept employment have also been told to the Washington authorities, there being a desire upon the part of the Territorial officials to make a full statement of the problem so to avoid any indication of concealing anything from the administration.

Any proceedings that may be considered for the deportation of the immigrants will have to receive Federal sanction and aid, and there is

no doubt that there will be a searching investigation and the probability of a special agent being sent from the immigration bureau, if it is decided that the deportation of at least some of the immigrants is necessary.

This part of the problem is receiving the careful consideration of the Territorial officials, the majority of whom have about reached the conclusion that a weeding out process is the only thing that will save even a percentage of the immigrants for the plantations of the Territory.

### APPEAL RENT CASE

H. Suzuki against whom Tim Yuk Kee obtained judgment in the magistrate's court of Honolulu for \$62.50, rent due and costs of the suit, has appealed from this judgment to the circuit court waiving the right of jury trial.

It appears that on November 1 Suzuki rented from Kee a store on the corner of Alapai and Beretania streets agreeing to pay a rental of \$12.00 monthly, that he occupied the premises until April 1, with rent amounting to \$65.00 of which amount he had paid only \$11.50. Judgment was given against him for the amount of rent due and the costs of the suit.

### LOOKING FOR SHERIFF'S JOB

Many Are On List To Capture The Nomination

Captain Robert Walpa Parker, former senior captain of police for many years, and who announced his candidacy recently for the office of sheriff of this island, is working hard nowadays, trying to get the support of the prospective delegates to the Republican convention.

According to general political information, it is evident that Mr. Parker, who has been canvassing from house to house, is gradually but surely winning away from the Democratic party certain leaders whose influence is best known to the party leaders. Parker, who knows them

### NEGRO MURDERER IS STILL AT LARGE

Increased Reward Might Bring News Of Grace

There is nothing fresh in the Anderson Grace case, and the negro is still at large. The man seems to have simply faded away, and all the efforts of the detectives and police to find him have been fruitless so far.

### THERE'S STILL A FEW OF US LEFT

Three Vessels Off To San Francisco Today

Honolulu is shy nearly three hundred people as a result of the departure of three vessels for San Francisco before noon today.

If the census man has not already subjected the passengers departing on the Oceanic Steamship liner Sierra, the Matson Navigation steamer Wilhelmina and the bark Andrew Welch to the usual inspection and duly enrolled their names upon his swelling list, let him forever hold his peace. The combined sailing list of the three vessels aggregated 268 passengers.

It was busy time for "Kappelmester" Berger and his band of territorial musicians. The Wilhelmina, moored at the Matson wharf, was first visited

### AGITATOR APPEARS INDEPENDENT

Vasil'eff Before U.S. Court Early And Is Dismissed

Defiant at first but later more penitent, the Russian agitator Vasil'eff, finally left the District Court this morning with an admonition from Judge Robertson to conduct himself differently in the future and not fall in answering any order from the court.

Yesterday afternoon the agitator was arrested and during the middle of the morning he was brought into court.

As the prisoner had no counsel the court itself acted as counsel for him

### BEATS MA-IN-LAW AND IS JAILED

Two Women Beaters Are Given Three Months Jail

Two ruffians were given well deserved sentences at the Police Court this morning. The men, whose names are Aliku Polokau and Ah Puli, were convicted before Judge Andrade of having assaulted their mother and mother-in-law, respectively. The row started through an argument about prohibition, and it became very strenuous as the booze began to circulate.

After the debate had been switched to the question as to whether women should have votes or not, the whole party began to get excited and finally the woman in the case was thrown down and her son-in-law began to thrash her to their hearts' content.

The neighbors called up the police department and the hurry-up wagon was quickly out-looking for passengers. A full-in every sense of the word—load was obtained and the trio of happy ones taken to the police station, where the two men were charged with assault.

This morning Judge Andrade decided that ninety days apiece to each of the defendants. That settled the matter and the question as to women voting will have to be thrashed out on Sundays, with Jallor Asch as referee.

### REGISTRATION OF ISLAND JAPANESE

Consul and Staff Are Busy Gathering Statistics

According to instructions issued from the home office that all Japanese in foreign countries must register and such returns be sent back to Japan, about five thousand of the Japanese residing in these islands have complied with the order and have sent in their names for registration.

This information was officially furnished this morning by those in charge of the work at the Japanese Consulate.

The time of expiration for registration is the end of September and it is expected that by that time there will be a fair idea of the real number of Japanese in Hawaii.

### MAY-DAY FETE AT AINAHAU

Advent Of Spring Beautifully Celebrated Next Saturday

Beautiful Aina'hau, the residence of ex-Governor Cleghorn, at Wai'iki, the playground of Princess Kalanui and retreat of Robert Louis Stevenson when he was wont to gain inspiration for some graceful verse, will be thrown open to the public Saturday afternoon for the celebration of May Day.

The May-Day fete has been arranged by the members of the Kilauea Art League in accordance with the ancient custom, which is celebrated to this day in England and English-speaking countries, when all ranks of the people rose at early dawn and went "a-Maying" to welcome the advent of Spring.

The Maypole has always been a distinguishing feature of this celebration. In olden times the assemblage of people, sanctioned by the presence of the priests, marched on May morning, in procession, to some neighboring wood, returning in triumph with the pole, round which were suspended flowers, boughs and

### RYAN DISMISSED, HUSSEY BEING HELD

Two Sailors Who Assault Japanese Are Arraigned

At 8:30 this morning Hussey and Ryan were arraigned before Judge Cooper in the criminal court on charges of assault to commit murder, the assault having taken place several weeks ago at a Japanese house which they tried to enter against the protests of the occupants.

Upon being arraigned Hussey pleaded guilty to a minor offense, assault with a weapon dangerous to life, and the case against Ryan was dismissed from lack of evidence.
